Respectfully solicit your support for
County Clerk, Election
1906.
W. P. FLEMING.

We are authorized to announce
R. Holt, as a candidate for Cir-
cuit Clerk of Lawrence County,
in August.

We are authorized to
announce E. E. McNely as a candidate
for Sheriff of Lawrence County,
in August.

We are authorized to
announce John T. Smallwood, as a
candidate for Sheriff of Lawrence
County, Election in August.

Results from various districts
of Lawrence County give Carmack the
majorities. The 1, is reported
close and the rest for Taylor by
good majorities.

A well informed and conserva-
tive Taylor leader, who has done
more to organize and strengthen
the Taylor following in a quiet
way, than any other man per-
haps in the County, gives us an
estimate that Taylor will lead in
Lawrence by not less than 300.

School Notes

That the interest being manifested
among the masses in the public schools
of Lawrence County and of Tennessee is
much greater than it has been in years
past may be readily noted.

Many inquiries have been received
from the teachers as to the date of the
opening of the State Institute, and it
seems to be the unanimous opinion of
all that this will be the greatest. Teachers
Training School which has ever been
held in the County. The State Super-
intendent has issued the following
orders with reference to the State In-
stitute which will be of interest to many.
1. Four-year honor roll certificate, expir-
ing June 30, 1906, will be renewed for
one year upon the recommendation of
the County Superintendent of the
County in which the holder has been
teaching. If mother's year certificate
is secured it will be necessary for the
applicant to attend a State Institute for
at least three weeks and secure, in addi-
tion to the endorsement of the County
Superintendent above mentioned, a
certificate signed by the Director and
Secretary of the faculty stating that he
has attended the lectures of the Institute
regularly.

2. PRIMARY CERTIFICATE.—The
cannot be extended or renewed except
when the holder attends the State In-
stitute and passes examination upon at
least one-half the subjects required in

the elementary course. This certificate
may be renewed by the holder of the cer-
tificate.

In addition to the regular State cer-
tificates which will be issued to those
who shall pass a satisfactory examina-
tion and make the grade required by
law, a limited number of County cer-
tificates will be granted by me to persons
who may do satisfactory work in the In-
stitute, whose examinations do not
warrant the issuance of State Certifi-
cates. Only enough of such certificates
will be issued to supply the demands of
the schools of the County. It is my
earnest desire that the better schools
of the County shall be given the teachers
of highest attainments and the widest
and most successful experience. It shall
be my policy not to license those who
have failed in their school work in years
past, especially last year. Directors are
being urged to improve the condition of
their school houses and school grounds.
The school houses which are being
erected or have been erected recently
ought to be painted before being con-
sidered as completed. They should be
enclosed with a fence of such character
as will serve both as an ornament and
protection to the property. Directors
have been and are further urged to
retain those teachers whose work was
successful and satisfactory last year and
to increase the salary of such teachers
when justice demands it and the con-
dition of the fund of the district will
warrant it.

Directors are also urged to open the
schools of the County on Monday July
9, 1906. It would be better if all
schools could begin on this date. This
would close the 6 months term just be-
fore Christmas and thus avoid the break
and consequent annoyance of the fol-
lowing year. Where schools cannot be opened
on this date, they ought to be postponed
until about October 1.

School houses should be well veni-
lated, lighted and heated. In this
country of cheap wood it is shameful
that the question of fuel should be a
source of annoyance to any school.
Enough fuel for the term should be
procured at each school house before the
cold weather begins. Every school
should have a large iron stove ample to
keep the room comfortable.

Each school should be supplied with
plenty of water. The students, more
notable in the summer, of having only
one or two buckets with a like number
of dippers or cups to supply water is not
to be tolerated in these days of cheap
buckets and dippers, especially in the
large schools. The clause in teachers
contracts requiring them to maintain an
average attendance of one-fourth of
those belonging, or more, has proven to
be quite a stimulus to the teacher, and
much good seems to have resulted there-
from. If any change should be made
in this clause of the contract, it should
be to raise the average required.

Directors are urged to look carefully
after the school interests of their dis-
tricts, and to scrutinize the reports of
their teachers requiring of them neat-
ness and accuracy in these reports as
well as in the registry.

The State Superintendent has named
September 23, as the date for a great
school rally in Lawrenceburg and teach-
ers and directors owe it to the cause of
education in the county to use their
very best efforts to make this rally one
of the greatest held this year in Penn-
sylv. I assure all concerned that this
department shall do what it can to help
to accomplish the result suggested.

There is much else which could be
said, and many other suggestions will
be made from time to time as they may
seem necessary. Every citizen in the
County should interest himself in the
selection of capable, patriotic, school
enthusiasts for two offices in the County,
to wit: School Directors and Justice of
the Peace. Men who are now filling
these offices with credit should be urged
to stand for re-election and should be
elected. The time has come when all
must stand together and make a strong
pull for a more effective school system
and the importance of efficiency in these
two officials in establishing this system
can hardly be overestimated.

Very truly,
L. B. White,
County Sup't.

The date for the State Institute has
not yet been announced.

It is reported that about 50 teachers
will attend the State Institute from Wil-
kinson County.

Napoleon Lumpkins of this County
represented the Hawkins Training
school in the Vanderbilt Oratorical con-
test, May 4. His subject, "Henry W.
Grady."

Clark L. Starr, a former Lawrence
County teacher was in the San Francisco
earthquake and escaped unharmed.

Miss Jessie Cloud will teach the
Brown School in District 4, this year.

Miss Jessie Cloud has been retained
to teach the Spring Creek school this
year after a year's work in the county
schools.

Prof. J. P. Conway has been in dis-
missed from a number of places at a good
salary but he has not yet found a post at
Appleton, where he earned his living
because the people there will not let him
leave.

It has been rumored that Prof. J. P.
Conway has been in Wayne County, his
old home, but it is not true. He has
about abandoned the idea of leaving the
law for teaching.

H. H. Wilson, the school teacher at
Lawrenceburg, is expected to get a
"Roll of Honor" from the State for the
Colored Institute this year, which is
highly commendable. The Col-
ored Institute will contain two more
weeks.

Miss Fannie Hersh, who taught so
efficiently in the new school in District
2, last year, with an excellent record
last year, Miss J. A. Locks and Miss Clara
Hunt have been given "Honorary" for
the new school.

W. O. Vaniver Esq. is one of the
most enthusiastic school directors in the
County, and the probabilities are that
he will be elected to succeed himself in
the August election, although he is a
Democrat and his district is overwhelm-
ingly Republican. He is now planning
to build one of the best county school
houses in the County at Venus in 6th
District.

There has been some talk of consoli-
dation of the public schools of District
8, in one big central public school. This
ought to be done. If the public and
private schools were divorced it could
be done without objection from any
considerable number. We might follow
the example of some other places in the
State where schools have been consoli-
dated and transport these pupils living
too remote to attend the school at pub-
lic expense. This has proven a misfor-
tune. It has cost money and made the
school better.

Prof. L. A. Dake was thought of
Summer term last year but declined to
accept that school again.

Salaries of teachers will be raised in
several districts this year. The direc-
tors are beginning to pay better prices
and they all want the best teachers.

A torpid, inactive liver can produce
more bodily ills than almost anything
else. It is good to clean the system out
occasionally with this liver up, and get
into shape generally. The best results
are derived from the use of DeWitt's
Little Early Biscuits. Reliable, effective
pleasant pills with a reputation. Never
gripes. Sold by Freeman Bros.

DO YOU LOVE

your baby? You wonder why he
cries. Buy a bottle of White's
Cream Vermifuge and he will
never cry. Most babies have
worms, and the mother don't
know it. White's Cream Vermifuge
kills the child of worms and cleans
out his system in a pleasant way.
Every mother should keep a bot-
tle of this medicine in the house.
With it, fear need never enter her
mind. Price 25c. Sold by Crowder

Sour Stomach

No appetite, loss of strength, nervous-
ness, headache, constipation, bad breath,
general debility, sour strings, and cramps
of the stomach are all due to indigestion.
Kodol cures indigestion. This new discov-
ery represents the natural juices of diges-
tion as they exist in a healthy stomach,
combined with the greatest known tonic
and reconstructive properties. Kodol Dys-
pepsia Cure does not only relieve indigestion
and dyspepsia, but this famous remedy
helps all stomach troubles by cleansing,
purifying, sweetening and strengthening
the mucous membranes lining the stomach.
Dr. S. S. Hall, of Ravenswood, W. Va., says:
"I was troubled with sour stomach for twenty years.
Kodol cured me and we are now using it in milk
for baby."

There is more Catarrh in this
section of the country than all
other diseases put together, and
until the last few years was sup-
posed to be incurable. For a great
many years doctors pronounced it a
local disease and prescribed local
remedies, and by constantly failing
to cure with local treatment, pro-
nounced it incurable. Science
has proven catarrh to be a consti-
tutional disease and therefore re-
quires constitutional treatment.
Hall's Catarrh Cure, manufactured
by F. J. Cheney & Co., Toledo,
Ohio, is the only constitutional
cure on the market. It is taken
internally in doses from 10 drops
to a teaspoonful. It acts directly
on the blood and mucous surfaces
of the system. They offer one
hundred dollars for any case it
fails to cure. Send for circulars

DEAR READER:—We are in the Real
Estate business and have a two fold ob-
ject in view. First to make an honest
and legitimate living and second to
satisfy our patrons. We have a large
list of property for sale, including farms,
both large and small, improved and
unimproved, fruit, poultry and truck
farms; also city property—all on easy
terms. We have been doing a success-
ful business for a number of years and
our experience is of benefit to our
prospective buyers.

We have lately gotten out a "Davy
Crockett" folder which gives a few
hints regarding our section of the
country. This we will gladly forward
to those requesting same. If you con-
template moving to that section which
the Creator destined to be man's para-
dise on earth, do not fail to write us
telling just what you want and we will
lead our assistance. Yours Very
